BE YOUR OWN PROMOTER. INVEST in Mines, not in Stocks. Fortunes in mining possible only by this plan. Col. C. W. Greene, prosident of the Greene Consolidated, the greatest copper mine in the world, is said to have made \$18,-100,000 from one of the rich mines of Moxico and later lost millions of it in Wall Street. We are in a position to offer a limited number of investors a legitimate opportunity to acquire a comfortable fortune in a Mexican mile without taking a chance of losing but a shoe string. We want only persons who can afford to turnish \$10.00 per month for actual expenses in devloping a Mexican property-out of whigh, if, as rich as it certainly appears of the surface, every one joining this syndicate will get \$10,00 in return for every teri-dolars which they furnish. We can satisty any one sufficiently interested to write that we are perfectly reliable and that every dollar sport through us will be honorably accounted for and used for the purposorepresented. Can you ask for a better deal? If you have ever made a mining investment, and lost, take this opportunity for a success beyond your former hopes. In buying stocks in mines in the state of development, which is full of uncertainties and capable of bitter disappointments, one pays for what the future may bring. The people who have made fortunes in mining have acted differently. A few have banded to expenses and hired an expert miner to superintend the work. We are just forming such a syndicate to develop valuable prospects. Only a few members, with prospects of striking it rich, will be adminished are willing to put in a little money with prospects of striking it rich, will be adminished are willing to put in a little money with prospects of striking it rich, will be adminished are willing to put in a little money with prospects of striking it rich, will be adminished are willing to put in a little money be made as easily as in mining address for full particulars GODDARD SYNDICATE, First National Bank Building.
